Protect Your Boat and Jet Skis With Dock Rite Canopy Covers.

Your boat lift canopy covers and helps to protect your boat, jet skis and other watercraft from sun, rain, hail and bird droppings. Our canopies are made from superior materials to provide you with years of protection.

Dock Rite Offers Design Features That Provide Years Of Worry Free Use.

The Dock Rite canopy fabric hangs down 6" from the frame, for a total depth of 42". This provides superior protection from sun and rain. Our canopies are available in the following sizes:

- 64" x 12'
- 114" X 22'
- 114" X 24'

- 114" x 26'
- 120" x 22'
- 120" x 24'

- 120" x 26'
- 120" x 28'
- 120" x 30'

Quicklash Attachment System

The Quicklash system is designed using fewer puncture holes when being sewed. This makes the canopy stronger and more durable, while making it virtually effortless to install. It is comprised of E-Z Lace Supreme webbing and individual bungee hooks, which are adjustable and provide a secure fit to the frame.

- Reinforced laced holes are located every 3 inches along webbing.
- Reduced number of needle punctures into the material.
- Eliminates O-ring tie downs, no more rusting.
- Mildew and UV resistant.
- Eliminates the use of grommets and o-ring tie downs. No more rusting or tearing fabric around grommets.

Canopy Vents

Canopy vents incorporated into the fabric of the canopy help deal with wind related issues.

Shelter-Rite Fabric

Shelter-Rite fabric is a PVC-coated high-tenacity polyester material that will not rot, shrink or stretch and offers unparalleled adhesion (to reduce wind whip), color match and colorfastness. These covers are also constructed by using heat-welded seams in the main body of the cover to create a waterproof environment for your boat. Shelter-Rite canvases are backed by a 5-Year limited Warranty from the manufacturer.

WeatherMAX Fabric

WeatherMAX fabric utilizes breakthrough UV Technology, providing long term color retention, superior water resistance and durability. Engineered with Yarn Memory, WeatherMAX will not sag due to age, rain or exposure. The HydroMAX finish means no coatings for a cleaner environment and an excellent breathable fabric, for outstanding mold and mildew resistance. The lightweight 8 oz. per yard makes WeatherMAX easy to install, a mere 1/3 of the weight of standard vinyl, yet durable and long lasting. WeatherMax canvases are backed by a 5-Year limited Warranty from the manufacturer.
